Languages - Javascript, Python, HTML, CSS, SQL, PostgreSQL, Typescript

Libraries / Frameworks / Tools - React, React Testing Library

Frameworks / Tools - Flask, SQLAlchemy, Node, Express, Jest, unittest, VSCode, Git, Github, AWS

SOFTWARE ENGINEER EXPERIENCE

Software Engineer Intern

September 2022 – October 2022

Rithm School

San Francisco, CA

- Modernized a legacy codebase for a public API, resulting in increased efficiency and improved functionality.
 - Conducted thorough testing and debugging to ensure high-quality code and seamless user experience.
 - Documented technical specifications and user guides to enhance usability and accessibility for end-users.
-

TECHNICAL PROJECTS

Jobly

[Live Demo](#) | Github: [Front-end](#) [Back-end](#)

- Developed a full-stack job-search app allowing login/signup, job browsing, and company search.
- Front-end built in React with advanced features and built back-end as a RESTful API with secure authentication, storage, validation, and protection against attacks.

Warbler

[Live Demo](#) | [Github](#)

- Created Twitter clone with login/signup, posts, likes, follows, and user profiles.
 - Used Flask and Jinja for web page routing and PostgreSQL with SQLAlchemy for database interactions, including posts, profiles, liking, and following.
-

ADDITIONAL WORK EXPERIENCE

Production Lead

January 2020 – July 2022

Production Management Systems

San Francisco, CA

- Designed and implemented automated systems to streamline workflows, optimize productivity, and reduce manual errors, resulting in significant cost savings for the organization.
- Served as a liaison between senior management and project teams, facilitating communication and ensuring that project goals were met within budget and timelines.

Production Technician

August 2018 – December 2019

MILWright

Sebastopol, CA

- Implemented ladder logic for hydraulic press machines, ensuring performance and safety.
- Identified defects in production and implemented corrections to enhance quality and reduce waste.

Student Tutor

August 2016 – August 2017

Santa Rosa Junior College

Santa Rosa, CA

- Ensured students received the support they needed to achieve their academic goals.
-

EDUCATION

Rithm School

July 2022 – October 2022

Full Stack Web Development Bootcamp

San Francisco, CA

Santa Rosa Junior College

January 2014 – August 2017

Electrical Engineering

Santa Rosa, CA
